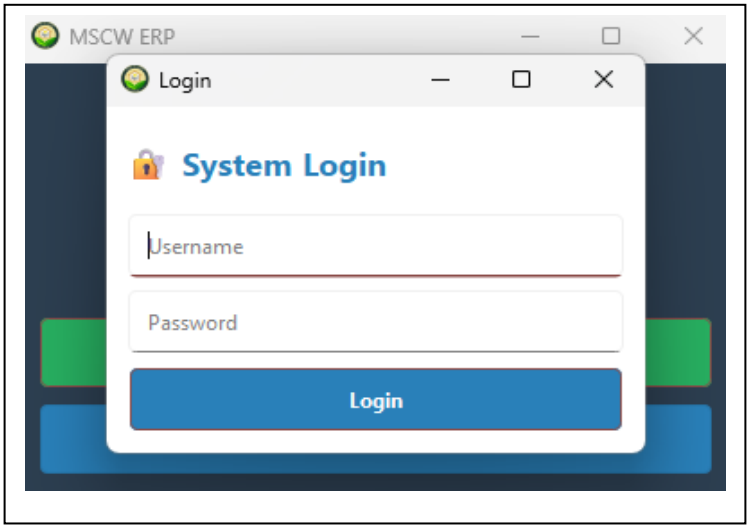
MSCW ERP Project

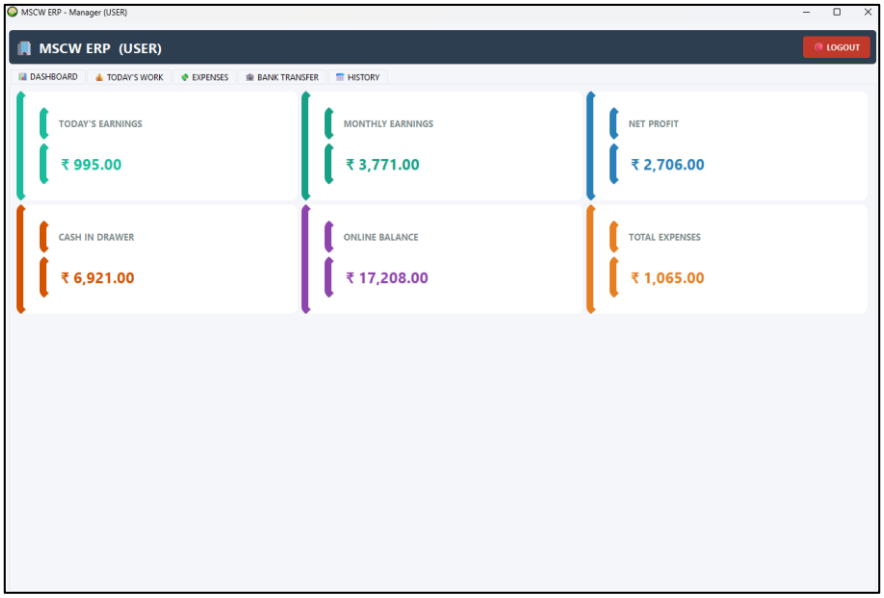
Login Page :-

The login page provides a **secure gateway** with a clean, professional interface. It ensures that only authorized users can access sensitive business data through encrypted authentication.



Dashboard :-

It offers a real-time financial overview, displaying key metrics like Today's Earnings, Net Profit, and Cash Balance. The color-coded design allows managers to understand the business health at a single glance.



Daily Work :-

This section simplifies data entry and transaction tracking for services like Money Transfers and General Sales. It includes a "Print Receipt" feature, making customer billing and record-keeping fast and error-free.

	No.	Date	Time	Service	Details	Base	Fee	Mode

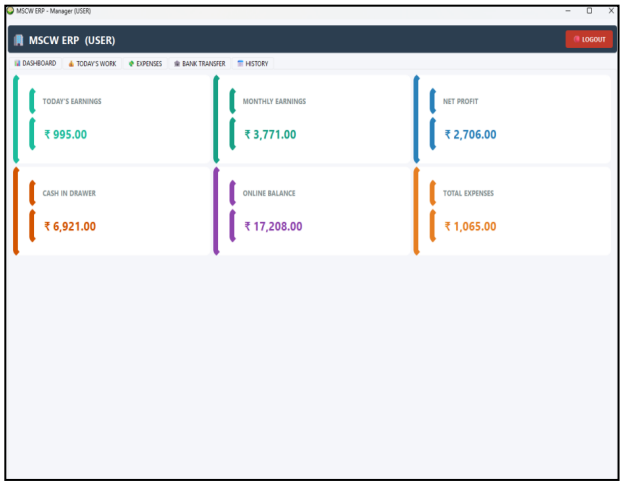
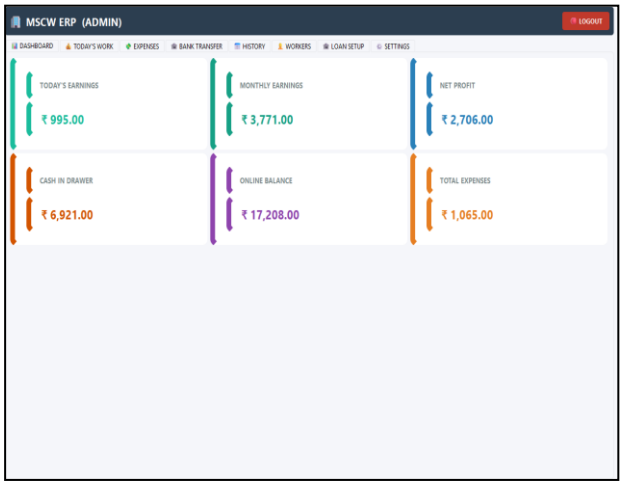
User/Admin Pannel:-

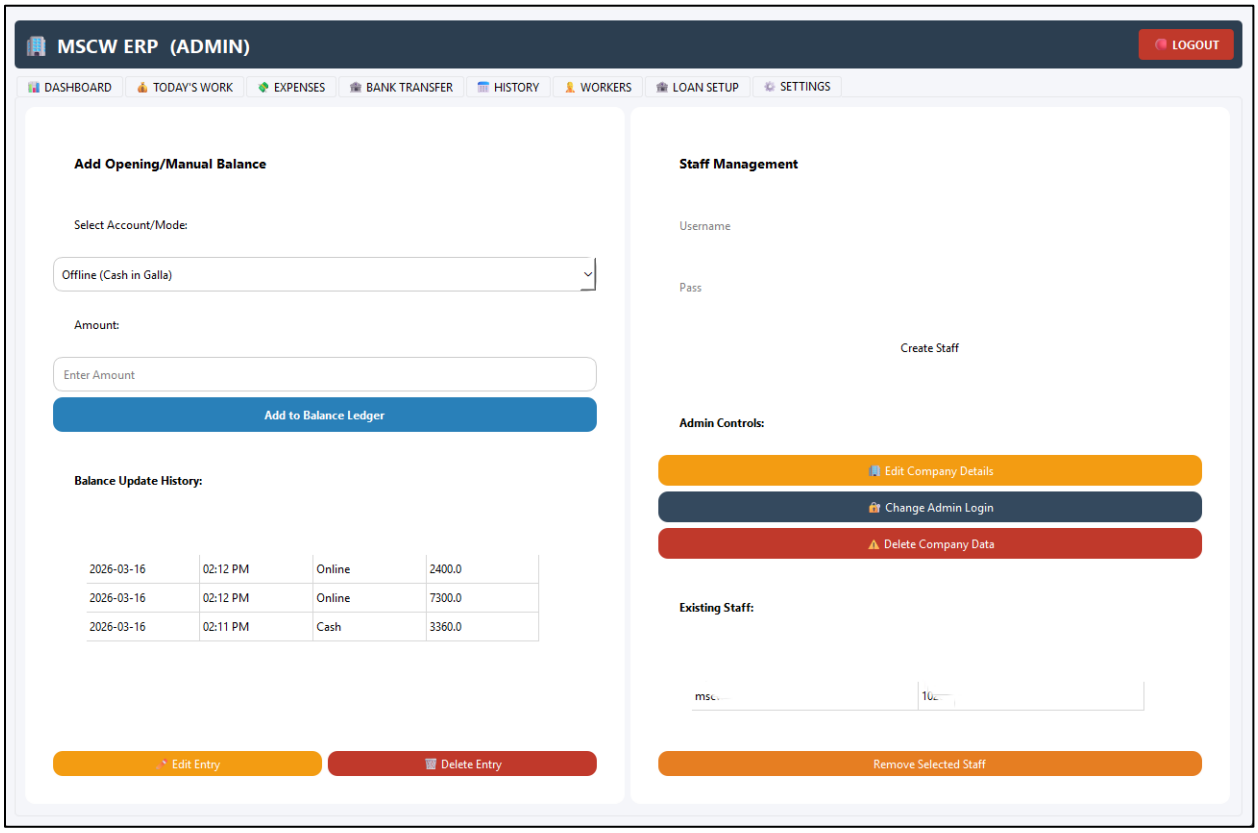
The User Panel is focused on daily operations and data entry, while the Admin Panel provides full control over settings, staff management, and sensitive data deletion. Admin has extra tabs like "Workers," "Loan Setup," and "Settings" that are hidden from regular users.



User Pannel



Admin Pannel

Admin Panel Benefits :-


It empowers the owner with complete administrative authority, including the ability to manage staff accounts and update the balance ledger manually. This ensures high-level security and the flexibility to fix entry errors or change company details instantly.
